

Cloyne Court Council Agenda

House Presidents: James Martins and Tyri Kayshawn

Date: June 12, 2015

Location: The Great Hall

Theme:

1. Call to Order
2. Approval of Agenda
3. Approval of Minutes
4. Manager Announcements
5. Member Announcements
6. Old house business
7. Time-Sensitive Business
 - a. Funding request NOT from the house account
 - i. James Martins - I would like 1000 dollars, from the HLBAPS (House Level Board Approved Projects) account, for Sound dampening for the server room. (I generally want to try different things from. <http://www.soundproofing.org/>) and I think this should be bought because A member, who wishes to remain anonymous, has expressed concerns that the eerie, ominous, and omnipresent hum may help trigger an anxiety attack or something similar. Since the server room is next to some DSP rooms, this is something to consider seriously. As an added benefit, this could be a great testing ground for sound dampening the hackerspace and music room, it can be an especially nice testing ground since the funds come from central. (7 Minutes)
 - b. Funding request from the house account

- i. Emily Nathan - I would like 3000 dollars, from the house account, for Makerspace Budget (I want money to Makerspace danker (duh). I would like to purchase items such as paint, shelving, curtains, lighting and spray for making floor to ceiling whiteboards/blackboards. I would also like money for sexier things such as soundproofing, a 3D printer (wow!), an air compressor for air powered tools, and an easel.

Of course this shit will be expensive and I'm hoping we can get more money from central or something along those lines. I'm working on a tiered budget. The preliminary budget is more bare bones to get it going.

Will email spreadsheet later. (the current value is an estimate)) and I think the house should buy this because Makerspace ---->>>> Dankerspace. It is time sensitive because I need money A\$AP Rocky so I can start making the Makerspace a DANKER space. (10 Minutes)

- ii. James Martins - I would like 60 dollars, from the house account, for a solid state drive (http://www.amazon.com/Kingston-Digital-SSDNow-SV300S37A-120G/dp/B00A1ZTZOG/ref=sr_1_2?s=pc&ie=UTF8&qid=1435284422&sr=1-2&keywords=ssd) and I think the house should buy this because it would make the computer Graham uses faster and less annoying. It

is time sensitive because Because Graham is coming back soon (5 Minutes)

8. New House Business

a. Other

- i. Emily Nathan - There is currently an gaming system downstairs in the makerspace. From what I understand, it came to us broken, and due to the dedication of a few members, has come to working condition. Right now, we are trying to clear out the makerspace so that we can start construction. It is currently where intended storage and workspace will go. In addition, a concern is that if it remains in the makerspace, it could distract those working downstairs. This is especially a concern for those using power tools. I wanted to discuss where we might be able to put it. A few places it might be able to go are near the workout room, the pool room, the stage/great hall, or libed. (12 Minutes)

b. Bylaws change

- i. Anonymous - I would like to change the bylaws from:
"Quiet Hours
1. Cloyne Court house-wide quiet hours are from 10 pm to 8 am Sunday through Thursday and 1 am to 8 am Friday & Saturday."

To:

"Quiet Hours

1. Cloyne Court house-wide quiet hours are from 10 pm to 8 am Sunday through Thursday and 11 PM to 8 am Friday & Saturday. "

or at least:

"Quiet Hours

1. Cloyne Court house-wide quiet hours are from 10 pm to 8 am Sunday through Thursday and 12 AM to 8 am Friday & Saturday. "

The exact changes are:

Changing quiet hours from 1am on non-school nights to hopefully 11PM if not 12AM

I think we should change the bylaws because This is an academic substance free house and I was shocked to come here and get woken up by my house-mates drunk and playing pool and very loud music at midnight outside of "quiet hours", even worse was the fact that there was a manager there and he did nothing about it, I'm assuming because it was outside of quiet hours.

This seems to happen regularly and it seems very unfair that a few people "having a good time" have the right to wake up several people. Some of these people, such as myself, are stressed enough about projects, midterms, problem sets, and so on, without having to worry about having a poor nights sleep because of midnight parties. I choose to use the weekends to do homework and

study instead of party and came here hoping the house would support this decision but I guess I was wrong. It's even more sad that, the way the bylaws are written, people disturbed or woken up by loud noise outside of "quiet hours" don't even seem to have the right to ask the source of the noise to be turned down. This does not only affect the people around the pool room but also the people around the kitchen since that area is also frequented by very loud music. I'm only here for the summer but I hope this change will benefit the majority of the house for semesters to come. (20 Minutes)

9. Adjourn
